The Management Team
Aldesa Group

RE: RESPONSE TO YOUR EXPRESSION OF INTEREST - NATIONAL URBAN SURVEILLANCE CAMERA PROGRAM

Dear Sir/Madam,

The Ministry acknowledges with appreciation your letter dated 04 December 2025 expressing interest in partnering with the Government of the Republic of Uganda on the National Urban Surveillance Camera Programme.

We recognize Aldesa Group's demonstrated global experience in advanced security technologies, public lighting, ICT infrastructure, and large-scale engineering projects. Your capabilities align strongly with the objectives of this national security modernization initiative.

1. Project Status and Procurement Framework

The National Urban Surveillance Infrastructure Project has been elevated to the Presidential Priority List due to its national importance in strengthening urban safety, public order, and security intelligence infrastructure.

In view of its sensitivity and urgency, the Government has withdrawn the project from International Competitive Bidding (ICB) and approved its execution through a Single-Sourcing Procurement Arrangement, in line with national security exemptions.

Your expression of interest is therefore acknowledged as the sole submission under this approved single-sourcing framework.

2. Mandatory Eligibility Requirements

To proceed with this project under single sourcing, Aldesa Group must meet all legal, financial, and technical prerequisites required for government contracting.

Even though the project has already secured funds from the Government of Uganda for this particular project.

3. Project specifications.

Please find below the specifications of supply to be delivered in Uganda.

No	Product specifications	Quantity
1.	3mp sarix enhanced environmental bullet camera, 9-22mm lens, ir, poe 12/24v, ik10, ip66	40.000pcs
2.	3mp sarix enhanced environmental bullet camera, 3-9mm lens, ir, poe 12/24v, ik10, ip66	50.000pcs
3.	8mp high performance cmos camera, 12mm motor zoom auto focus lens, poe 12/24v, ik10, ip66	50.000pcs

4. Conclusion

Because of limited time factor, the Aldesa Group from Spain is hereby invited to meet with our Government team between the period of 17th December to 22nd December 2025 for a presentation, identified site visits and to study the draft contract agreement hopefully both parties will agree and conclude finality.

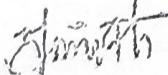

Should your team not available from Spain, you can as well appoint your representatives from East Africa to represent your company except the signing of the agreement to be handled by your company's head office.

We appreciate Aldesa Group's interest in supporting Uganda's national security enhancement initiative and urban modernization efforts. This is a Presidential Priority Project under the approved single-sourcing arrangement.

We look forward to meeting your team in Uganda.

Thank you for your cooperation and commitment.

Yours faithfully,

Mr. Johnson Musinguzi
Inspection & Coordination
